FOR FOREST PROTECTION.

Agent Appointed by Governor to Establish Reserves.

Honolulu, Dec. 3.—A practical start in the matter of forest preservation has been made by Governor Dole by the appointment of a number of forestry agents with a view of establishing forest reservations. So far there have been three agents appointed, all on the Island of Hawaii, but these will be followed by other appointments which will cover all the islands. This action is taken upon a report made by a committee from the Planters' Association, upon a plan which it is thought will cover all that the Territorial government can do in the matter.

It is the intention at present that forest reserves be established upon government lands and fenced in through private subscription. The legislature will be asked at the coming session to confer upon the Governor the power to set aside forest reservation and to permit of the condemnation of private property which may come within these reservations. The present committee as appointed by Governor Dole to start the work, is composed of L. A. Thurston, of Honolulu, E. E. Olding, of Kohala, D. Forbes, of Hamakua, and George Ross, of North Hilo.

Governor Dole in a letter appointing these men as forest reservation agents, says that he approves of the plan adopted by the special committee of the Hawaiian Sugar Planters' Association for forest reservations and protection from cattle and other injurious influences.

With such a disposition on the part of plantation managers the Governor believes much can be done towards restoring and protecting the forests of Hawaii.

Mr. D. Forbes of Kukuihaele plantation is requested to suggest forest reservation limits in the Hamakua district on Hawaii, and report to the Governor such limits, with maps and description. Conservation in this selection is strongly urged as more favorable to the success of the enterprise than that which seriously prejudices individual interests.

E. E. Olding is appointed agent for the Kohala district and George Ross for the North Hilo district. The plan suggested to Governor Dole by the Planters' Association follows:

1. That you designate some one or more persons in each district who shall take upon themselves the responsibility of procuring a map and description of a proposed forest reservation in such district, which map and description shall then be submitted to you for your approval.

2. If the several suggested forest reservations meet with your approval, you thereupon to, so far as lies within the present power of the Territorial government, set apart the localities so designated as forest reservations, for such purpose, all Government lands within such several reservations, to be thereupon reserved for forest purposes, from sale or lease, in so far as the same are not now under lease; and if the same are under lease, the land therein described shall, upon the expiration of existing leases, become subject to the reservation of further sale or lease, and also, if the lands so reserved are now under lease, the Government will use its influence with the several lessees and with private land-owners owning land within the reservations to secure their adhesion to the proposition to make a forest of the land so described. Upon such approval being given by you, you to notify the persons who have been designated to secure descriptions of forest reservations, they thereupon to take charge of securing voluntary subscriptions to fence in the reservation so that live stock in the district cannot trespass thereon.

It is further suggested that the Governor recommend to the next legislature that the Governor be empowered to set apart forest reservations consisting of both public and private lands, and also to pass a statute authorizing the condemnation and purchase of private property which may come within such forest reservations.

COMMITTEE ON COUNTY BILL.

Senate Will Take a Hand in Framing Charter.

Honolulu, Dec. 3.—The Senate met yesterday afternoon at 2 o'clock for the purpose of acting on the report of the committee appointed to investigate the affairs of the Public Works office. It will be remembered that the report was handed in at the forenoon session.

Senator McCandless was the first man on the floor and he moved that the report be adopted. Senator Kalanokalani moved an amendment to the effect that the report be laid on the table for action at the regular session of the Legislature in February of next year. The motion was lost by a vote of 8 to 5, Senator Woods voting with the Republicans as he had signed the report as a member of the committee.

The next motion put was that of Senator McCandless for the adoption of the report. This was carried by a vote of 8 to 4, Senator Kaohi not voting. This was the final action in relieving James H. Boyd of his position as chief of the Public Works Department.

On motion of Senator Achi the following committee was appointed to call on the Governor for the purpose of informing him that the Senate would adjourn very quickly if he had no further business to present for its consideration. Senators Baldwin, Wilcox and Isenberg.

Senator Achi introduced a resolution to the effect that the pay given the officers at the last session of the Senate be given the present officers. An amendment was made to the effect that the chaplain receive \$5 a day. Senator Achi accepted the amendment and the resolution went through without a dissenting vote.

President Crabbe appointed the following committee to prepare county and municipal bills in accordance with the resolution of Achi which was adopted during the first days of the present special session of the Senate: C. L. Crabbe, L. L. McCandless of Oahu; Senator P. P. Woods of Hawaii; Senator S. E. Kalua of Maui; Senator S. W. Wilcox of Kauai.

What Is a Cough?

A spasmodic effort to expel the mucus from the bronchial tubes. A cold causes a more abundant secretion of mucus, and when the lungs and bronchial tubes are inflamed, they are extremely sensitive to the irritation. Unless care is taken, the cold may result in pneumonia, which is swift and deadly. If the cold is a lingering one, the more leisurely but equally fatal consumption may set it. Do not neglect a cold of cough. Take Chamberlain's Cough Remedy. It always cures and cures quickly. The Hilo Drug Store sells it.
